HYPEYE D PRO

CAMCORDER INDICATION AND CONTROL SYSTEM

New **hypoxic**
HYPEYE D PRO

Whether you're shooting Arizona Arsenal, a tandem, or military training, take charge with the HYPEYE D PRO Camcorder Indication and Control System. Made specifically for skydivers, the HYPEYE D PRO controls Sony's camcorders through the D/AV half-moon interface. The HYPEYE D PRO provides features and functionality never before seen in any camcorder controller. Its super-bright, intuitive, three LED indication system keeps you informed of your camcorder's status even when facing the sun!

- Push button to power on/off & start/stop recording
- Protection against accidental activation
- Toggle between record & playback modes
- Debrief jack for non-intrusive video viewing
- Zoom Memory
- External audio sourcing
- Threaded mounting hole
- Adjustable LED brightness

For a list of compatible camcorders, instructions, and latest information see www.gethypoxic.com
Dimensions: AV D Cable 16" (400mm), display cable length 12" (300mm), controller 1.5" (38mm) X .7" (18mm)
Shipping Weight: 6 oz. (170g)

HYPEYE D PRO EXPANSION KIT

Upgrade the HYPEYE D PRO with the HYPEYE D PRO EXPANSION KIT. Allows users to:

- While recording, capture stills onto your camcorder by using an external switch
(Standard 2.5mm bite or tongue switch will work)
- Use your camcorder as a dedicated still camera
- Interface to L&B Optima audible for visual altitude warning indication
- Custom push button interface
- Includes the HYPEYE D PRO DEBRIEF CABLE

Shipping Weight: 6 oz. (160g)

HYPEYE D PRO DEBRIEF CABLE

This cable allows you to debrief through the HYPEYE D PRO without dismounting your camcorder. It's a must for teams in training.

Shipping Weight: 4 oz. (113g)

EXTREME ELECTRONICS

Whether you're shooting *Arizona Arsenal*, a tandem, or military training, **take charge** with the HYPEYE D PRO Camcorder Indication and Control System. Made specifically for skydivers, the HYPEYE D PRO controls Sony¹ camcorders through the A/V D "half-moon" interface. The HYPEYE D PRO provides features and functionality never before seen in any camcorder controller. Its super-bright, intuitive, three LED indication system keeps you informed of your camcorder's status even when facing the sun!

- Push button to power on/off & start/stop recording
- Toggle between record & playback modes
- Debrief jack for non-intrusive video viewing
- Push button protection against accidental activation
- Zoom Memory
- External audio sourcing
- Nylon threaded mounting hole
- Adjustable LED brightness

With optional HYPEYE D PRO Expansion Kit accessory

- Interface to **L&B Optima** audible for **visual altitude feedback**
- Capture still pictures while recording using an **external bite switch**
- Use camcorder as a dedicated still camera

Note: The HYPEYE D PRO will **NOT** work with every camcorder that has an A/V D port. Please check the compatibility list at www.gethypoxic.com or try out the HYPEYE D PRO before purchasing.
